

## Press release

Reftele, 2020-06-11

# ESBE is recognised as one of Sweden's Best Managed Companies 2020

Best Managed Companies is a quality award to recognize the overall success of private Swedish companies based on strategic direction, ability to execute, corporate culture and financial performance. Best Managed Companies was established in Canada in 1993 and has since then been introduced in more than 20 countries around the world.

Sweden's Best Managed Companies was launched during 2018 by Deloitte in cooperation with Nasdaq. This is the second year of the award. An independent jury has selected the 18 companies which received this year's award.

### **Peter Cerny, President and Group CEO of ESBE**

What was your first reaction when you learned that ESBE won the Best Managed Companies in 2020?

- I was very happy and proud of everything that the employees at ESBE have achieved. We have now reaped the fruits of the hard work we have put in over the last few years.

You'll find the full interview with Peter using the link below (marked "More info").

ESBE has received the Sweden's Best Managed Companies recognition, sponsored by Deloitte in cooperation with Nasdaq.

#### About ESBE

ESBE manufactures, develops and markets valves and actuators that regulate fluid-based systems in small and large buildings. The products deliver better energy utilisation, comfort and safety in systems for heating, cooling and delivery of tap water. Rising energy prices and increasing demands on comfort and convenience are crucial factors in all homes. The ESBE family, which is continually growing, currently comprises just over 200 employees and has annual sales of approx. 40 million euros. The head office and manufacturing plant is located at Reftele in Sweden. Our own sales companies run marketing and sales in the Nordic region, Germany, France, Italy, Austria and Poland. In addition, ESBE operates through distributors in just over 50 countries.
